Miscellaneous

Section 25.1 - Captions. The captions contained in the Documents are inserted only as a matter of convenience and for reference, and in no way define, limit or describe the scope of the Documents nor the intent of any provision thereof.

Section 25.2 - Gender. The use of the masculine gender refers to the feminine and neuter genders and the use of the singular includes the plural, and vice versa, whenever the context of the Documents so requires.

Section 25.3 - Waiver. No provision contained in the Documents is abrogated or waived by reason of any failure to enforce the same, irrespective of the number of violations or breaches which may occur.

Section 25.4 - Invalidity. The invalidity of any provision of the Documents does not impair or affect in any manner the validity, enforceability or effect of the remainder, and in such event, all of the other provisions of the Documents shall continue in full force and effect.

Section 25.5 - Conflict. The Documents are intended to comply with the requirements of the Act. In the event of any conflict between the Documents and the provisions of the statutes, the provisions of the statutes shall control. In the event of any conflict between the Declaration and any other Documents, this Declaration shall control.

ARTICLE XXVI
Changes in Law

Section 26.1 - Changes in the Act. Many provisions of this Declaration and in the Bylaws repeat exactly or substantially the same rule or outcome in a particular instance as that required by the Act on the date this Declaration was recorded, or repeat the same rule which the Act would impose as a default rule if the Declaration or Bylaws were silent on that subject.

As an example only, Section 23.2 of the Declaration repeats nearly word for word the powers granted by the Act to an Executive Board, even though those powers may be limited by the Declaration, and even though those powers have been varied to some extent by Section 23.4 and other sections of the Declaration.

The Declarant anticipates the possibility that the Act will be amended from time to time to reflect contemporary thinking and experience regarding the structure and governance of common interest communities. The Declarant believes it is in the best interest of the Unit Owners at Autumn Knoll that the property might always be governed in accordance with the most current provisions of the Act, subject to the right in any particular case of the Unit Owners

and the Executive Board to vary that outcome by adopting a rule or amendment to the Declaration in the manner provided for such amendments.

Accordingly, this Section directs that, in the future and from time to time, in all instances where this Declaration or the Bylaws contain language that precisely or substantially tracts the Act on the date that Autumn Knoll is declared, this Declaration and the Bylaws shall be automatically amended in accordance with the amended cognate language of the Act which may be adopted by the General Assembly, unless the particular language of the Declaration or Bylaws, either as initially adopted or as amended at any subsequent time by the Association, is substantially at variance with the amended text of the Act.

ARTICLE XXVII

Permits and Permit Compliance

The Association shall take such steps as may be reasonably necessary to ensure continuing compliance with applicable provisions of the state and municipal permits and approvals issued in connection with the Development and relating to use and facilities, as such permits and approvals are amended from time to time.
